SERVICES & CAPABILITIES

Project, Program, & Portfolio Management Advisory

Structured advisory support to plan, budget, execute, and oversee initiatives across their full lifecycle — aligning scope, schedule, cost, stakeholder alignment, and operational process improvement.

Federal / DoD Environmental Compliance & Management

Advisory and management support for environmental compliance programs operating in regulated, federal, and defense-adjacent environments.

Civil Engineering & Construction Oversight

Oversight and coordination support for engineering and construction activities, ensuring safety, QA/QC, compliance, and effective cross-team communication.

DIFFERENTIATORS

- PMP-Certified Program Leadership — Standards-based project delivery across complex, multi-stakeholder environments using PMI frameworks
- Regulatory & Environmental Compliance Expertise — CEM-credentialed advisory for programs operating in federal, DoD-adjacent, and regulated environments
- Continuous Improvement Discipline — Lean Six Sigma Green Belt applied to process gaps, execution inefficiencies, and compliance risk reduction
- 25+ Years Federal Experience — Direct support and management to DoD environmental and infrastructure programs, and cross-sector program management oversight
- Cross-Functional Coordination — Proven track record managing stakeholders across civil engineering, construction, regulatory agencies, and senior leadership
- Flexible Engagement Models — Advisory retainer, contract support, or project-based; structured around your program's needs, not one-sized
- Execution-First Mindset — Every engagement ties back to mission outcomes and measurable progress

PRINCIPAL'S RELEVANT EXPERIENCE

- Managed planning, execution, and oversight of multi-phase projects in regulated federal environments including DoD installation programs
- Delivered environmental compliance and management support aligned with DoD, EPA, and federal regulatory requirements
- Led cross-functional teams and stakeholder coordination on programs spanning multiple site locations
- Supported senior leadership decision-making through structured reporting, risk management, and program controls frameworks

PAST PERFORMANCE HIGHLIGHTS

- **Patrick Space Force Base:** Directed 450+ personnel, \$116M operating budget, and \$300M capital portfolio across 3 installations, 23 annexes, and 3 airfields
- **USAF Environmental Restoration Program:** Managed \$395M program spanning 216 Air Force installations nationwide; re-baselined 2,900 sites, recovering \$7M in overstated costs
- **Laughlin AFB:** Managed 808 facilities and \$42M O&M contract; resolved 8K+ annual service calls; reduced civilian vacancies by 30%
- **MacDill AFB Environmental Compliance:** Directed compliance for 49 RCRA sites, 5 FDEP petroleum sites, and 3 munitions response sites under EPA, FDEP, and DoD standards
- **Brooks City Base:** Oversaw \$705M multisite real estate and privatized housing construction portfolio as Owner's Representative
